

DRIVOL OCTANE PLUS

Product Description:

Drivol Octane Plus is a premium product with self-mixing blend of active agents suitable for all-purpose gasoline application. Elevates the gasoline fuel research octane number (RON) by 2 - 4 points. Safeguards the engine from damage caused by knocking combustion by enhancing fuel performance, thereby promoting lower fuel consumption through heightened octane levels.

Key Features:

- Boosts the octane rating of gasoline fuel.
- Enhances engine performance.
- Guards against engine damage from knocking combustion.

Area of Applications:

- Designed to boost the octane rating of gasoline in vehicles.

Applications:

- 150 ml is enough for 50 liters of gasoline. Add directly to the tank before refueling, where it will mix automatically.
- Avoid storing the product at temperatures exceeding 38°C for extended periods.

Handling:

- Combustible - Do not heat or use near open flame.
- Avoid Contact with eyes or skin. Do not swallow. Keep out of reach of children.
- Store in tightly closed original container in a cool, dry well-ventilated place.
- Product should never be stored above 50°C, exposed to hot sun or freezing conditions.

Technical Data:

S. No.	Characteristics	Test Results
1	Appearance	Brown, Clear
2	Base	Additives, Naphtha
3	Odor	Characteristic
4	Form	Liquid
5	Flash Point	62 °C
6	Pour Point	-45 °C
7	Density at 15 °C	0,817 g/cm ³
8	Viscosity at 40 °C	< 7,0 mm ² /s

Manufacturing:

Manufactured in ISO 9001: 2015 and ISO 14001:2015 certified plant.

Disposal:

Environment protection to be ascertained by proper disposal of empty container as per local country guidelines.
