

Drivol Nulife

Diesel Engine oil

SAE 50 API CF-4

Product Description:

Drivol Nulife SAE 50 API CF-4 stands as a mono-grade engine oil, formulated with mineral base oils and a balanced additive system. It is engineered to cater to engines mandating API CF-4 performance standards. This formulation effectively manages oxidation, staunchly guards against corrosion and wear within the engine's internal components and fosters cleanliness, thereby elongating the engine's lifespan.

Key Features:

- Exhibits high thermal and oxidation stability.
- Facilitates extended intervals between oil changes.
- Promotes overall engine cleanliness, minimizes engine wear and prolongs component longevity.
- Supports consistent power output with reduced maintenance, ensuring operational stability and diminished servicing expenses.

Applications:

- Engineered to deliver robust performance in a myriad of off-highway applications or older on-highway diesel engines.
- Suitable for specific stationary equipment, such as continuously-operating pumps, functioning under steady state conditions.

Specification / Recommendations:

International Standards & Meet the Requirements	
API CF-4	

Technical Data:

S.NO.	Characteristics	Test Method	Test Results
1	Appearance	Visual	Bright & Clear
2	Density @ 15°C (g/ml)	ASTM D1298	0.895
3	Kinematic Viscosity @ 40°C (cSt)	ASTM D445	215
4	Kinematic Viscosity @ 100°C (cSt)	ASTM D445	19.2
5	Viscosity Index	ASTM D2270	101
6	Flash Point COC (°C)	ASTM D92	246
7	Pour Point (°C)	ASTM D97	-9

Manufacturing:

Manufactured in ISO 9001: 2015 and ISO 14001:2015 certified plant.

Disposal:

Environment protection to be ascertained by proper disposal of Used oil and empty container as per local country guidelines.
