

## Drivol Egon Plus Passenger Car Engine oil SAE 0W-20 API SN

### Product Features:

**DRIVOL Egon Plus SAE 0W-20 API SN** stands out as an advanced fully synthetic engine oil, employing advanced technology to optimize the performance of gasoline engines. It diligently maintains engines close to their factory-clean state, ensuring unparalleled protection against sludge buildup and wear.

### Key Features:

- Exceptional defense against wear, deposits, corrosion and oxidation.
- Helps to reduce oil aging resulting in long lasting protection.
- Formulated with low viscosity and friction modifier, contributing to enhanced fuel efficiency.
- Excellent overall lubrication and wear protection helps to provide low-speed pre-ignition (LSPI) while keeping engine clean.

### Applications:

- Tailored for the latest turbocharged gasoline direct injection (TGDI) engines, guarding against detrimental low-speed pre-ignition (LSPI).
- Suitable for contemporary gasoline engines equipped with catalytic converters and blow-by-gas reduction systems requiring 0W-20 viscosity grades.

### Specification / Recommendations:

| International Standards | Meet The Requirements |
|-------------------------|-----------------------|
| API SN                  | VOLVO VCC RBSO – 2AE  |
| ACEA C5 -21             |                       |

### Technical Data:

| S.No. | Characteristics                   | Test Method | Test Results   |
|-------|-----------------------------------|-------------|----------------|
| 1     | Appearance                        | Visual      | Bright & Clear |
| 2     | Density @ 15°C (g/ml)             | ASTM D1298  | 0.836          |
| 3     | Kinematic Viscosity @ 40°C (cSt)  | ASTM D445   | 44             |
| 4     | Kinematic Viscosity @ 100°C (cSt) | ASTM D445   | 8.5            |
| 5     | Viscosity Index                   | ASTM D2270  | 174            |
| 6     | Flash Point COC (°C)              | ASTM D92    | 214            |
| 7     | Pour Point (°C)                   | ASTM D97    | -45            |

### Manufacturing:

Manufactured in ISO 9001: 2015 and ISO 14001:2015 certified plant.

### Disposal:

Environment protection to be ascertained by proper disposal of Used oil and empty container as per local country guidelines.
