

Drivol Egon Ultra Passenger Car Engine oil SAE 5W-20 API SP

Product Description:

Drivol Egon Ultra SAE 5W-20 API SP, a fully synthetic motor oil designed to deliver unparalleled protection and efficiency, engineered with a blend of synthetic base stocks and advanced technology additives, ensures optimal performance without compromise. Its advanced formula offers enhanced protection against viscosity breakdown and deposit formation even under high temperatures. Furthermore, it boasts lower volatility, reducing oil consumption, and facilitates swift oil circulation during cold starts, effectively combating low-speed pre-ignition in turbocharged gasoline direct injection engines.

Key Features:

- Enhances engine performance and fuel efficiency.
- Guards against rust and corrosion within engine components.
- Exhibits low volatility and exceptional low-temperature pumpability.
- Contributes to reduced CO2 emissions, minimizing environmental impact.
- Demonstrates high resistance to oxidation, preserving oil freshness for extended drain intervals.
- Provides protection against sludge, coking, varnish, and corrosion in adverse operating conditions.

Applications:

- It is particularly well-suited for advanced technology gasoline engines found in both new and older vehicles, including high-performance models such as sports cars, SUVs, trucks, minivans, and hybrid vehicles.
- Recommended for use in automotive gasoline engines where the manufacturer recommends an API SP, ILSAC GF-6 5W-20 lubricant.

Specification / Recommendations:

International Standards & Meet the Requirements	
API SP / ILSAC GF-6	

Technical Data:

S.NO.	Characteristics	Test Method	Test Results
1	Appearance	Visual	Bright & Clear
2	Density @ 15°C (g/ml)	ASTM D1298	0.854
3	Kinematic Viscosity @ 40°C (cSt)	ASTM D445	45
4	Kinematic Viscosity @ 100°C (cSt)	ASTM D445	8.3
5	Viscosity Index	ASTM D2270	160
6	Flash Point COC (°C)	ASTM D92	226
7	Pour Point (°C)	ASTM D97	-45

Manufacturing:

Manufactured in ISO 9001: 2015 and ISO 14001:2015 certified plant.

Disposal:

Environment protection to be ascertained by proper disposal of Used oil and empty container as per local country guidelines.
