

Drivol Maxpro EP 320

Industrial Gear Oils

ISO VG 320

Product Description:

Drivol Maxpro ISO VG 320 represents high-performance extreme pressure gear oils engineered to lubricate heavy-duty industrial gears operating in challenging conditions. It is formulated with high quality mineral base oil in combination with unique additive package to minimize deposit formation and provide excellent gearbox cleanliness, thus extends the lifespan of engine.

Key Features:

- Provides superior protection against rust and corrosion.
- Prolonged equipment life and lowers maintenance costs.
- Maintains pristine gear and bearing surfaces, promoting longevity.
- Reduces unplanned downtime and minimizes maintenance requirements.
- Offers high load-carrying capacity and shields against scuffing and wear.
- Demonstrates exceptional resistance to degradation under high temperatures.

Applications:

- Suitable for a wide range of Industrial, Agricultural and Commercial applications calling for an EP Gear Oil.
- Industrial gearboxes with spur, bevel gearing and bearings with high pressure loads.

Specification / Recommendations:

International Standards & Meet the Requirements	
DIN 51517: Part 3, ISO 12925-1 CKD, AIST 224	

Technical Data:

S. No.	Characteristics	Test Method	Test Results
1	Appearance	Visual	Bright & Clear
2	Density @ 15°C (g/ml)	ASTM D1298	0.894
3	Kinematic Viscosity @ 40°C (cSt)	ASTM D445	322
4	Kinematic Viscosity @ 100°C (cSt)	ASTM D445	24.7
5	Viscosity Index	ASTM D2270	98
6	Flash Point COC (°C)	ASTM D92	236
7	Pour Point (°C)	ASTM D97	-21

Manufacturing:

Manufactured in ISO 9001: 2015 and ISO 14001:2015 certified plant.

Disposal:

Environment protection to be ascertained by proper disposal of Used oil and empty container as per local country guidelines.
