

Drivol Maxpro EP 90 Transmission Fluids & Gear Oils SAE 90 GL-4

Product Description:

Drivol Maxpro SAE 90 GL-4 is a high-performance Gear oils formulated from high quality base stocks and balanced additives providing unparalleled protection for gear components subjected to extreme pressures and shock loading

Key Features:

- Reduced wear and smoother start-up and gear shifting.
- Excellent seal compatibility minimizes leaks and contamination risks.
- Robust shear stability maintains viscosity throughout the oil's lifespan.
- Exceptional rust and corrosion protection safeguards gear components.
- Resistance to oxidation and thermal degradation for prolonged service life
- Enhanced load carrying capability ensures optimal performance under heavy loads.

Applications:

- Ideal for lubricating manual transmissions, differentials, and steering gears in motor vehicles requiring EP transmission fluid.
- Recommended for cars, light and heavy-duty trucks, buses, and vans requiring API GL-4 specifications.

Specification / Recommendations:

International Standards & Meet the Requirements	
GL-4	

Technical Data:

S. No.	Characteristics	Test Method	Test Results
1	Appearance	Visual	Bright & Clear
2	Density @ 15°C (g/ml)	ASTM D1298	0.902
3	Kinematic Viscosity @ 40°C (cSt)	ASTM D445	218
4	Kinematic Viscosity @ 100°C (cSt)	ASTM D445	19.6
5	Viscosity Index	ASTM D2270	102
6	Flash Point COC (°C)	ASTM D92	222
7	Pour Point (°C)	ASTM D97	-24

Manufacturing:

Manufactured in ISO 9001: 2015 and ISO 14001:2015 certified plant.

Disposal:

Environment protection to be ascertained by proper disposal of Used oil and empty container as per local country guidelines.
